Ms. Nancy Marconi
Registrar
Ontario Energy Board
27-2300 Yonge Street
Toronto, ON M4P 1E4

Dear Ms. Marconi:

**Re: EPCOR Natural Gas Limited Partnership (“ENGLP”)
EB-2024-0195 Quarterly Rate Adjustment Mechanism (“QRAM”) Application
Aylmer Service Territory - Rates effective July 1, 2024**

ENGLP is filing this letter in response to an OEB Staff query to further detail the update in Schedule 6 of the Enbridge Gas price from \$0.130161 per m³ effective July 1, 2024 to \$0.130185 per m³ effective Jan 1, 2025.

ENGLP’s price forecast calculated the gas supply commodity charge (with rate riders) as included Enbridge's June 11, 2024 QRAM application (EB-2024-0166). This is used to calculate amounts as presented on the “Enbridge Gas” line on ENGLP’s Schedules 6 & 7. The following rates are used in the calculation:

	Commodity (\$/M3)	Rate Rider E Revenue Adjustment (\$/M3)	Rate Rider C Gas Cost Adjustment (\$/M3)	Effective Commodity Rate (\$ / m3)
Filing Reference	EB-2024-0166 Pg.199 of 267 Effective 7/1/24	EB-2022-0200 Pg. 240 of 267 Effective: 5/1/24 - 12/31/24	EB-2024-0166 Pg. 236 of 267 Effective: 7/1/24 - 6/30/25	
	A	B	C	D = A + B + C
Effective 7/1/24	\$0.139965	-\$0.000024	-\$0.009780	\$0.130161
Effective 1/1/25	\$0.139965		-\$0.009780	\$0.130185

39 Beech St E.
Aylmer, Ontario

epcor.com

- A. The \$0.139965 per m³ figure can be found in Enbridge's EB-2024-0166 application on "Gas Supply Commodity Charge" line in page 199 of 267,
- B. "Union South Rate Class" for rate rider C Gas Cost Adjustment in page 236 of 267, and
- C. "Gas Supply Commodity Charge" for rate rider E Revenue Adjustment in page 242 of 267.

Sincerely,

Kenneth Poon
