Dear Ms. Marconi:

**Re: Algoma Power Inc. (Algoma Power)
Application for 2025 Electricity Distribution Rates
Ontario Energy Board File Number: EB-2024-0007**

In accordance with Procedural Order No. 1, OEB staff advises the OEB that parties have come to an agreement to revise the standard Issues List for Algoma Power's 2025 distribution rate application. The proposed revised Issues List is attached and includes the following revisions:

- Change to issue 1.1
- Addition of issues 1.3, 1.4, 5.7, 5.8 and 7.3

Further, parties are requesting that the OEB waive the requirement under rule 26.02(e)(ii) of the *Rules of Practice and Procedure* that the interrogatories correspond to the issues list. Parties are requesting that they may file interrogatories according to the exhibit numbers in the application. Parties believe this approach is more efficient and likely less costly.

OEB staff also advises that parties indicated that, given that the proposed revised Issues List was prepared prior to the interrogatory process, parties may wish to raise additional matters for inclusion on the Issues List after the responses to the interrogatories are received.

Yours truly,

Birgit M. Armstrong
