NOTICE OF A HEARING

Dear Chief Kimberly Bressette:

**Re: Enbridge Gas Inc.
Boblo Island Community Expansion Project
Ontario Energy Board File Number: EB-2024-0249**

Chippewas of Kettle and Stony Point First Nation has been identified by the Ministry of Energy and Electrification as an Indigenous community whose Aboriginal or treaty rights¹ may be adversely impacted by a natural gas pipeline project proposed by Enbridge Gas Inc. (Enbridge Gas) to serve the community of Boblo Island in the Town of Amherstburg (Project). Through this notice, you are being provided with information about how Chippewas of Kettle and Stony Point First Nation can participate in the Ontario Energy Board's (OEB) hearing on Enbridge Gas's application regarding the Project.

Enbridge's Application

The Project involves the construction of approximately 3.1 km of natural gas distribution pipelines and ancillary facilities intended to connect homes and businesses to natural gas service. A map of the Project area is provided in Attachment A.

¹ As protected under Section 35 of Canada's *Constitution Act, 1982*

The Project was approved to receive funding assistance under Phase 2 of the Government of Ontario's [Natural Gas Expansion Program](#). On August 9, 2024, Enbridge Gas filed an application for an order exempting the Project from the requirement to obtain leave to construct.²

The Issue in this Hearing

The issue that the OEB will consider in this hearing is whether the Crown's duty to consult has been adequately discharged in respect of the Project.³

The OEB must grant the exemption requested by Enbridge Gas if it determines that the Crown's duty to consult has been adequately discharged in respect of the Project.⁴ In that case, no further approval will be needed from the OEB to allow Enbridge Gas to build the Project.

OEB Hearing Types

There are three types of OEB hearings: oral, electronic and written.⁵ Enbridge Gas has asked for a written hearing. If you think a different hearing type is needed, you can write us to explain why (please see deadline below). No matter the format of the hearing, there will be an opportunity for questions and arguments from participants that have registered to actively participate in the proceeding (referred to as Intervenors).

How to Participate and Important Dates

You have the right to receive information about Enbridge Gas's application and to participate in the OEB's process. Go to the OEB's [Advanced Regulatory Document Search](#) and use Case Number **EB-2024-0249** to review the application. This link will also allow you to see other documents that are filed by Enbridge Gas or by Intervenors as well as documents that are issued by the OEB during the hearing.

In terms of participation, you have several options:

You can express your preference for the type of hearing in your Notification Letter. Your Notification Letter must be filed on or

² The application was filed under section 95(2) of the *Ontario Energy Board Act, 1998* (OEB Act)

³ Pursuant to section 95(2) of the OEB Act

⁴ As provided for in section 3.0.1 of [Ontario Regulation 328/03](#)
