Dear Ms. Marconi:

**RE: CANADIAN NIAGARA POWER INC., IRM APPLICATION
CNPI COMMENTS ON 2025 TARIFF
EB-2024-0011**

CNPI has reviewed the draft decision and the accompanying draft Rate Order issued by the OEB on November 29, 2024. CNPI has only one comment on the draft decision in relation to one line in the "Retail Service Charges (if applicable)" section. Other than this correction, CNPI confirms that the draft Rate Order is accurate and complete.

The Draft Rate Order Tariff Currently reads:

Notice of switch letter charge, per letter (unless the distributor has opted out of applying the charge as per the Ontario Energy Board's Decision and Order EB-2015-0304, issued on February 14, 2019).

\$ 2.34

Consistent with the calculations on tab 18- Regulatory Charges of the Rate Generator Model, CNPI believes this should read:

Notice of switch letter charge, per letter (unless the distributor has opted out of applying the charge as per the Ontario Energy Board's Decision and Order EB-2015-0304, issued on February 14, 2019).

\$ 2.42

Please direct any questions or correspondence in this matter to the undersigned.

Sincerely,

Oana Stefan
Manager, Regulatory Affairs
