Dear Ms. Marconi:

**Re: E.L.K. Energy Inc. Application for Distribution Rates Effective May 1, 2025
Late Intervention Request - Revised
Ontario Energy Board File No. EB-2024-0015**

VECC is writing the Board to request late intervention status in the above noted application. Through administrative error we did not become aware of the filing of this application until the issuance of Procedural Order No. 1 on December 9, 2024. We apologize for this oversight.

VECC has an interest in issues related to the disposition of RSVA 1588 and 1589, the proposed adjustment to the Revenue Differential VA rate rider approved as part of the EB-2021-0016 Settlement Proposal, and the proposed adjustments identified with Account 1595 approved as part of the EB-2021-0016 Settlement Proposal. VECC was a signatory to the EB-2021-0116 Settlement Proposal.

VECC accepts and is seeking no change to the process provided in Procedural Order No. 1. VECC will also be seeking an award of its reasonably incurred costs in this proceeding.

Representatives for this proceeding are:

Geoff White – Legal Counsel PIAC gwhite@piac.ca

Mark Garner – Consultant – markgarner@rogers.com

Should the Board require, we can also file our request via the online intervention form.

Yours truly,

Mark Garner
