Dear Ms. Marconi

**Re: E.L.K. Energy Inc. Application for Electricity Distribution Rates and Other Charges
Effective May 1, 2025 (EB-2024-0015) (the “Application”)
Interrogatory Response Update and Request**

Pursuant to Procedural Order No. 1 in the above captioned matter, E.L.K. Energy Inc. is obligated to file complete written responses to all interrogatories by January 22, 2025.

Unfortunately, despite best efforts E.L.K. Energy Inc. will be unable to meet the required deadline. We are writing to request a short extension to Monday January 27, 2025. The extension is necessary to ensure that all interrogatories are properly addressed and any consequential changes to the underlying models are properly made. This would still leave a week and a half for parties to review the responses prior to the start of the settlement conference on February 5, 2025.

Yours truly
