Dear Ms. Marconi,

Re: EB-2024-0026 Greater Sudbury Hydro Inc - Interrogatory Responses

To ensure the timely provision of as much information as possible, GSHi will be submitting the majority of the interrogatory responses by January 28, 2025. These responses will represent the information that is currently available.

Of the 198 questions received, GSHi has currently identified 24 interrogatories that require 2024 year end numbers to be answered. Some of these responses depend on financial and operational data for 2024 which is not yet available. GSHi anticipates being able to provide responses for these outstanding items by February 4, 2025. While these responses will not reflect finalized 2024 data, they will provide GSHi's best available projections at that time. These projections, though not final, will offer a more accurate representation than what is currently available. Accordingly, GSHi respectfully seeks an extension of the deadline to file interrogatories seeking year end 2024 data to February 4, 2025.

GSHi appreciates your understanding as it works to balance the need for timely submissions with the importance of accuracy and completeness, particularly with a view to providing as much of the requested information as possible prior to the Settlement Conference Scheduled for February 10, 2025. Please feel free to contact the undersigned should you have any questions or require additional information.

Sincerely,

Original Signed By
