Re: Fort Frances Power Corporation
Rate Application Board File EB-2024-0024

Fort Frances Power Corporation has reviewed the EB-2024-0024 Draft Decision and Rate Order and Rate Models for accuracy and completeness.

Fort Frances Power Corporation notes on Tab 21 Street Lighting Service Classification should be Non-RPP (other) as opposed to RPP. FFPC is otherwise in agreement with the Draft Decision and Rate Order emailed on February 26, 2025, and has no additional comments.

Sincerely,

Marah Trivers
