Dear Ms. Marconi,

**Re: PUC Distribution Inc. (License ED-2002-0546)
2025 IRM Rate Application (EB-2024-0051)
Draft Decision and Rate Order comments**

Thank you for the opportunity to review the draft of the OEB's decision and rate order. PUC Distribution Inc. has identified the following corrections to be made.

- Decision and Rate Order – Tariff of Rates and Charges (Page 1 – 7)
 - Rate Rider for Embedded Generation Adjustment should be included under 'Regulatory Charges'.
- IRM Rate Generator Model – Tab 20. Final Tariff Schedule
 - Rate Rider for Embedded Generation Adjustment should be included under 'Regulatory Component' for all classes.
 - Retail Transmission Rate should be included under 'Delivery Component' for all classes.

Thank you in advance.

Sincerely,
