

EB-2024-0309
Newmarket-Tay Power Distribution Ltd. (NT Power)
Application for Disposition and Consolidation of Deferral and Variance Accounts

VECC Interrogatories March 13, 2025

VECC-1

Ref 1: Application for DVAs p. 4

Ref 2: Appendix C- 2010-2024 DVA Continuity Schedule_NTRZ_MRZ

Please explain why the total claim amounts in Table 1 and Table 2 at Reference #1 differ from the amounts shown in Appendix C.

VECC-2

Ref: Application for DVAs p. 3

With respect to Account 1557 MIST Cost Deferral Account, NT Power is requesting disposition of the MIST meter account balance forecasted to December 31, 2027, as the amounts are known and will not change.

- a) Has NT Power previously been granted OEB approval to collect costs not incurred at the time the Rate Riders come into effect? If yes, please explain.
- b) Is NT Power aware of any other OEB approvals to collect costs not incurred at the time the Rate Riders come into effect. If yes, please explain.
- c) How are the amounts incurred in Account 1557 for the years 2025, 2026 and 2027 determined/derived?
