Dear Pina Pacione:

**Re: EB-2024-0051 PUC Distribution Inc. Application for 2025 Rates**

The Ontario Energy Board (OEB) issued a draft Decision and Rate Order in the above-noted proceeding on March 4, 2025. On March 10, 2025 in its comments on the draft Decision and Rate Order PUC Distribution Inc. (PUC Distribution) noted that the Rate Rider for Embedded Generation Adjustment should be included under Regulatory Charges on the Tariff of Rates and Charges, and on tab 20 of the Rate Generator Model (RGM) for all rate classes. PUC Distribution also noted that the Retail Transmission Rate should be included under the Delivery Component on tab 20 of the RGM for all rate classes.

The OEB has accepted these corrections in the attached final Decision and Rate Order.

Any questions relating to this letter should be directed to Alexander Di Ilio at [alexander.diilio@oeb.ca](mailto:alexander.diilio@oeb.ca) or at 416-440-7718. The OEB's toll-free number is 1-888-632-6273.

Yours truly,
