Dear Eryn Mackinnon:

**Re: EB-2024-0034 Hydro One Remote Communities Inc. Application for 2025 Rates**

The Ontario Energy Board (OEB) issued a draft Decision and Rate Order and a draft Tariff of Rates and Charges in relation to the above-noted proceeding on February 26, 2025. On March 5, 2025, in its comments on the drafts, Hydro One Remote Communities Inc. (Hydro One Remotes) proposed the following changes in Section 2 – Context and Process of the draft Decision and Rate Order:

- Update customers served from “approximately 4,800” to “approximately 5,600”
- Update the statement of “12 geographically-isolated communities and 12 transmission grid connected communities in Northern Ontario” to “12 geographically-isolated communities and 15 transmission grid connected communities in Northern Ontario”

The OEB has updated Section 2 – Context and Process to address the changes proposed by Hydro One Remotes. These changes reflect Hydro One Remotes connecting one new community in late 2024 and two communities in early 2025.

The OEB has now issued a final Decision and Rate Order, together with a final Tariff of Rates and Charges. Copies of these documents are enclosed with this letter.

Yours truly,

Nancy Marconi
