## Decision and Order

ECNG Energy L.P. filed a complete application on March 6, 2025, with the Ontario Energy Board (OEB), under section 50 of the *Ontario Energy Board Act, 1998* (OEB Act) to renew their gas marketer licence. ECNG Energy L.P. also filed a complete application on March 6, 2025, with the Ontario Energy Board (OEB), under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) to renew their electricity retailer licence. The licences would allow the applicant to continue providing gas marketer and electricity retailer services in Ontario.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

The applicant was previously licensed by the OEB as a gas marketer and electricity retailer, however both licences expired on January 22, 2025.

After considering the technical and financial capability of the applicant, the OEB finds that it is in the public interest to grant the application and issue a gas marketer licence and an electricity retailer licence to ECNG Energy L.P. The OEB notes the application was filed by the applicant 43 days after the expiration of the existing licences. Applicants are reminded of the importance to apply for renewal of any licence sufficiently prior to the expiry date to allow for processing of the application. The granting of these licences is without prejudice to any future compliance action regarding ECNG Energy L.P.'s operating without a licence.

**IT IS ORDERED THAT:**

1. The application for a gas marketer licence is granted, on such conditions as are contained in the attached licence.
2. The application for an electricity retailer licence is granted, on such conditions as are contained in the attached licence.

**DATED** at Toronto, March 27, 2025

**ONTARIO ENERGY BOARD**
