

Hydro One Networks Inc. has applied to the Ontario Energy Board to expropriate interests in certain lands near the City of Port Colborne

Hydro One Networks Inc. (Hydro One) is asking the Ontario Energy Board (OEB) for permission to expropriate interests in certain lands near the City of Port Colborne. Hydro One says that the expropriation is needed so that it may continue to operate and maintain existing transmission lines that are located on the lands. The existing transmission lines were originally constructed in the 1960s and form part of the Independent Electricity System Operator controlled transmission grid.

Hydro One has identified you as someone who owns or has an interest in part of the lands that Hydro One is seeking permission to expropriate. A copy of the property description and survey maps showing the lands that Hydro One is asking to expropriate are attached to this Notice.

Hydro One's application is about the expropriation of certain lands only. It is not about compensation. The OEB will consider the public interest when making any order authorizing Hydro One to expropriate land. The OEB does not have the authority to determine the amount of compensation payable. If the OEB authorizes Hydro One to expropriate and the parties do not agree upon compensation, then the compensation must be determined under the Expropriations Act by the Ontario Land Tribunal.

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic and written. If you have a preference for the type of hearing, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as Intervenor. After the hearing, we will decide whether to approve the application.
