**NOTICE OF APPLICATION AND WRITTEN HEARING
FOR AN
ELECTRICITY DISTRIBUTION RATE CHANGE**

Oshawa PUC Networks Inc.

The Ontario Energy Board has received an application on November 7, 2008, under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15 (Schedule B), seeking approval for changes to the rates that Oshawa PUC Networks Inc. ("Oshawa") charges for electricity distribution, to be effective May 1, 2009. The Board has assigned the application file number EB-2008-0205. The Board's decision on this application may have an effect on all of Oshawa's customers. The application was filed under the Board's guidelines for or 3rd Generation Incentive Regulation, which provides for a mechanistic and formulaic adjustment to rates between cost of service applications.

Any change to the rates that Oshawa charges for electricity distribution will be reflected in the delivery charges. Delivery charges are one of four regular items on residential and general service customers' electricity bills and vary depending on the amount of electricity consumed.

Oshawa indicates that if the application is approved as filed, a residential customer consuming 1,000 kWh per month would experience an approximate 12.3% increase in delivery charges. This is a \$3.68 increase per month on the total bill. A small general service customer consuming 2,000 kWh per month and having a monthly demand of 50 kW or lower would experience an approximate 5.6% increase in delivery charges. This is a \$3.51 increase per month on the total bill.

How to see Oshawa's Application

Copies of the application are available for inspection at the Board's office in Toronto and on its website, www.oeb.gov.on.ca, and at Oshawa's office and may be on its website.

How to Participate in the Rate Proceeding - General

The Board intends to review Oshawa's rate change application in two parts: Part I will be a review of the standard IRM application and requests regarding recovery of Lost Revenue Adjustment Mechanism (LRAM) and Shared Savings Mechanism (SSM) amounts. Part II will be a review of the request for incremental capital investment.

How to Participate in the Rate Proceeding – Part I

You may participate in Part I of this proceeding in one of three ways:

1. Send a Letter with your Comments to the Board

Your letter with comments will be provided to the Board members deciding the application, and will be part of the public record for the application. Your letter must be received by the Board no later than **January 8, 2009**. The Board accepts letters of comment by either post or e-mail at the addresses below.

2. Become an Observer

Observers do not actively participate in the proceeding but monitor the progress of the proceeding by receiving documents issued by the Board. You may request observer status in order to receive documents issued by the Board in this proceeding. If you become an observer, you need to contact the applicant and others in order to receive documents that they file in this proceeding and they may charge you for this. Most documents filed in this application will also be available on the Board's website. Your request for observer status must be made in writing and be received by the Board no later than **December 18, 2008**. The Board accepts observer request letters by either post or e-mail at the addresses below; however two paper copies are also required. You must also provide a copy of your letter to the applicant.

3. Become an Intervenor

You may ask to become an intervenor if you wish to actively participate in the proceeding. Intervenor status is eligible to receive evidence and other material submitted by participants in the hearing. Likewise, intervenors will be expected to send copies of any material they file to all parties to the hearing.

Your request for intervenor status must be made by letter of intervention and be received by the Board no later than **December 18, 2008**. Your letter of intervention must include a description of how you are, or may be, affected by the outcome of this proceeding; and if you represent a group, a description of the group and its membership. The Board may order costs under Part I in this proceeding in relation to Oshawa's request for the recovery of LRAM and SSM amounts. You must indicate in your letter of intervention whether you expect to seek costs from the applicant and the grounds for your eligibility for costs. You must provide a copy of your letter of intervention to the applicant.

The Board intends to proceed with this application by way of a written hearing, but may include an oral component for certain parts of the application. That component may be in the form of a technical conference or an oral hearing, or both. This approach will enable the Board to address certain matters more effectively than would be possible in a proceeding conducted entirely on a written basis. If you object to the Board proceeding in this fashion, your letter of intervention must state the nature of the process you believe to be necessary and the reasons for undertaking such a process.

Anyone who wishes information and material from the applicant that is in addition to the evidence filed with the Board and that is relevant to the hearing, shall request it by written interrogatories filed with the Board and delivered to the applicant on or before **January 5, 2009**. The applicant shall file with the Board complete responses to the interrogatories and deliver them to all parties no later than **January 19, 2009**.

Anyone who wishes to make a submission on the application must file that written submission with the Board and deliver it to the applicant by **February 2, 2009**. If the applicant wishes to respond to the submission(s), the written response must be filed with the Board and delivered to all parties by **February 17, 2009**.

How to Participate in the Rate Proceeding – Part II

You may participate in Part II of this proceeding in one of three ways:

You can send a letter of comment, become an Observer or an Intervenor for Part II of this proceeding under the same terms described for Part I.

The Board may order costs in Part II of this proceeding. If you wish to become an intervenor, you must indicate in your letter of intervention whether you expect to seek costs from the applicant and the grounds for your eligibility for costs. You must provide a copy of your letter of intervention to the applicant.

The Board intends to proceed with Part II of this application by way of a written hearing, but may include an oral component. That component may be in the form of a technical conference or an oral hearing, or both. This approach will enable the Board to address certain matters more effectively than would be possible in a proceeding conducted entirely on a written basis. If you object to the Board proceeding in this fashion, your letter of intervention must state the nature of the process you believe to be necessary and the reasons for undertaking such a process.

The Board will issue a Procedural Order for Part II of this application at a later time to establish further steps in the hearing process.

Please note that Part I and Part II of the hearing will run concurrently, and the Board will not await the outcome of Part I before commencing Part II.
